#### Royal College of Midwives and James Lind Alliance Research Priorities

The RCM's research prioritisation project in collaboration with the JLA identified 26 research priorities for midwifery practice and maternity care, which were refined to a top ten: the entire list can be read on the JLA website: [www.jla.nihr.ac.uk/priority-setting-partnerships/midwifery-practice-and-maternity-care#tab-top-10-priorities](http://www.jla.nihr.ac.uk/priority-setting-partnerships/midwifery-practice-and-maternity-care#tab-top-10-priorities)

Wherever applicable, the corresponding research priority is highlighted next to each article in this issue.
